U.S Pool Starlink Pricing Schedule

The pricing provided in the following table is based upon 12 Month Term.

Pool for Starlink Service: The Pool is a monthly service for all selected Starlink Kits, serviced and monitored by iNet, with a fixed data allotment. The Kits will share the pool and consume data as required by each individual site. The Kits will not be constrained by an individual (per-site) data allotment.

The data pool is reset at the end of the month; unused data does not carry over into the next month.

Overage: Cost per 1.0 GB of usage more than the pool data allotment. The total overage fee is invoiced the following month in which they are incurred.

Terminal Access Fee: Starlink monthly fee per Active Starlink kit in the pool.

SECTION SUMMARY

$1,290.55

REVIEW NOTES

Terms that support this commercial proposal

The items below stay with the printed proposal so the commercial pages and approval page are backed by the same terms package.

TERMS AND CONDITIONS

General Starlink Service Terms

1. “Local” service is for land based Starlink Services.

2. Prices may be subject to change with 30 Day notice due to SpaceX/Starlink pricing plan modifications.

3. “Opt In” and “Opt Out” Requirements:

a. If terminal is "opted in" overages will be added at 50GB increments.

i. Pool Plan Kits must be “Opt In”.

b. If terminal is "opted out", upon exceeded allotted subscription, terminal will be throttled at 1024 kbps down and 512 kbps up.

4. Automatic 50Gb overages blocks will not change subscription and will not repeat unless subscription allotment is exceeded in that month.

5. Plan Changes and Requests:

a. All plan changes take effect on the 1st day of the month following the change.

COMMERCIAL TERMS

Pricing Terms and Conditions
